ABOUT COMPANY

United ALFANAR Company was established in 1998 to operate in the business of general & contracting activities. The company has engaged in commercial agencies instruments as well as building contracting, thermal insulation works for building roofs and different aspects of contracting (such as general cleaning, advertising and publicity, administrative services, importation, installation and training in medical and scientific instruments and providing warranties for the same throughout tender period as well as hospital managements)

The company's business: Infrastructure works, highway and railway projects, government housing construction, solar energy projects, waterfront projects, as well as the entertainment city project and all contracting works.

ABOUT COMPANY

on the other hand, we equip work sites for companies to provide their needs for unskilled or technical workforce for governmental and private projects as well as transportation from and to workplace and accommodation as we can provide appropriate accommodation for corporate labor and catering services at the cost of companies working in the projects.

with respect to commercial agencies, we managed to obtain many agencies and letter of authorization as well as letters of intent for collaboration with us in performing contracts and tenders in state of Kuwait by trading businesses.

Given our communications and well established relationships with many authorities and companies within state of Kuwait including public and private sectors, this assist us with obtaining many tenders and undertakings with governmental and private organization which we pursue

OUR SERVICES

United ALFANAR co. is deemed a private company engaged in various business activities pertaining to general trading and contracting such as the scientific, medical and training equipment in addition to furnishing contracting companies with all their needs of technical manpower as well as providing them with the building materials required for execution of their services projects.
